The Heavy Car Conveyor

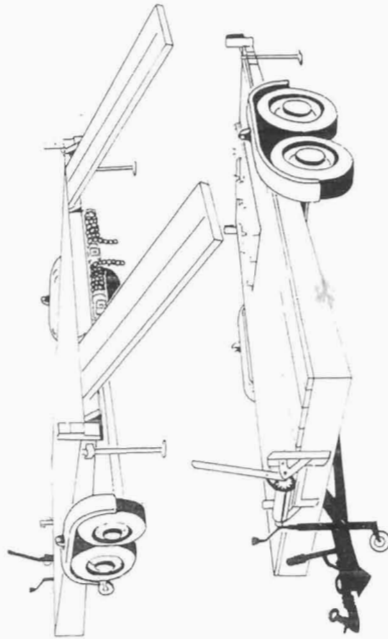

The Heavy Car Conveyor

Prestige
Hand Built Trailers

The name Rice on your trailer is in itself an indication of taste. It is recognised throughout the world as being the leading brand name, symbolising road comfort, and reliability.

Indeed, Rice Trailers are top of their class. In addition to their famous range of horse boxes, Rice now offer a HEAVY CAR CONVEYOR, as illustrated. This comes in a choice of colours to match your vehicle, with the following items as standard equipment. Front loading winch, complete with cable and hook; rear retaining winches; rear loading stands; loading ramps; E.E.C. approved four wheel braking; independent rubber suspension; lighting, including stop/tail flasher units, fog and number plate light, side lights on mudguards, all connected to a seven-pin socket.

50 Years of experience have proved that Rice Trailers are easier and smoother to tow - individually tailored suspensions mean less stress for the driver.
